# CLEANING SERVICES

Professional solutions that help individuals and businesses keep their environment clean. The service covers a wide range of needs, from households to offices and commercial facilities.

# WHY CLEANING SERVICES?

In this modern era, the need for a clean and healthy environment is becoming increasingly important. With the help of professional cleaning services, you not only get optimal results but also save time and energy. In addition, these services are designed to meet your specific needs, both at home and at work.

# TYPES OF CLEANING SERVICES

**1** DRY ICE BLAST CLEANING

**3** CARPETS & TEXTILES MENDING

**5** BUILDING CLEANING SERVICES

**2** ADVERTISING SIGNBOARDS CLEANING SERVICES

**4** DISINFECTION & STERILIZATION SERVICES

**6** TANKS & CONTAINERS CLEANING SERVICES

# DRY ICE BLAST CLEANING SERVICES

Dry ice blast cleaning is an eco-friendly and non-abrasive cleaning method that uses compressed air and dry ice pellets to remove contaminants from surfaces without leaving residue. Ideal for industrial, automotive, and commercial applications, it effectively cleans machinery, equipment, and delicate surfaces without water or harsh chemicals.

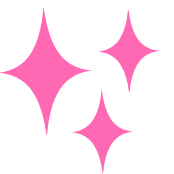

**NON-ABRASIVE & SAFE**

**ECO-FRIENDLY**

**MINIMIZES DOWNTIME**

**NO WATER OR CHEMICALS**

# ADVERTISING SIGNBOARDS CLEANING SERVICES

Over time, advertising signboards accumulate dirt, grime, and weather-related stains, making them look dull and less effective. Regular cleaning restores their brightness, ensuring your brand remains visible and professional. Whether it's glass, acrylic, metal, or LED signage, professional cleaning services use safe methods to remove stains and pollution buildup without causing damage.

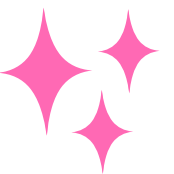

**ENHANCES VISIBILITY**

**BOOSTS BRAND IMAGE**

**EXTENDS LIFESPAN**

**SAFE & EFFECTIVE CLEANING**

# CARPETS & TEXTILES MENDING

Over time, carpets and textiles can suffer from wear, tears, and damage, affecting their appearance and durability. Professional mending services restore their strength and beauty, extending their lifespan while maintaining their original charm. Whether it's fixing frayed edges, patching holes, or reinforcing weak spots, expert repairs ensure your fabrics look as good as new.

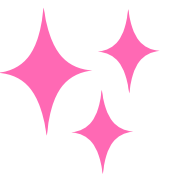

**RESTORES APPEARANCE**

**EXTENDS LIFESPAN**

**COST-EFFECTIVE SOLUTION**

**SKILLED CRAFTSMANSHIP**

# DISINFECTION & STERILIZATION SERVICES

Ensuring a clean and germ-free environment is essential for health and safety. Professional disinfection and sterilization services effectively eliminate bacteria, viruses, and other harmful pathogens from homes, offices, and commercial spaces. Using advanced techniques and eco-friendly disinfectants, these services help prevent the spread of illnesses and create a safer living and working environment.

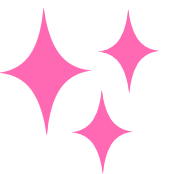

**KILLS 99.9% OF GERMS**

**PROMOTES HEALTH & SAFETY**

**ECO-FRIENDLY SOLUTIONS**

**SUITABLE FOR ALL SPACES**

# BUILDING CLEANING SERVICES

Maintaining a clean and well-kept building is essential for creating a positive impression and promoting a healthy environment. Professional building cleaning services ensure that all areas—whether commercial or residential—are spotless, well-maintained, and sanitized. From dusting and mopping to window washing and deep cleaning, these services address every aspect of building upkeep, keeping your space welcoming and safe for occupants.

**ENHANCES CURB APPEAL**

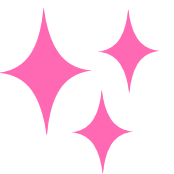

**IMPROVES HEALTH & SAFETY**

**COMPREHENSIVE SERVICES**

**CUSTOMIZABLE CLEANING PLANS**

# TANKS & CONTAINERS CLEANING SERVICES

Proper maintenance and cleaning of tanks and containers are essential to ensure the safe storage and transport of materials. Professional tank and container cleaning services remove buildup, residue, and contaminants, preventing cross-contamination and maintaining the quality of stored goods. Whether it's for industrial tanks, food-grade containers, or fuel storage, expert cleaning ensures compliance with safety regulations and prolongs the lifespan of your equipment.

**PREVENTS CONTAMINATION**

**PROLONGS EQUIPMENT LIFE**

**BOOSTS EFFICIENCY**

**SPECIALIZED CLEANING**
